## **DINA chair - natural materials and neutral tones**

As trends move towards sustainable style with looks that encourage well-being, we are being influenced by Mother Nature's materials and their neutral tones to create calming spaces. So, natural materials and neutral tones are always a right choice and will never go out of style.

**Our DINA chair in solid oak and light cork combines neutrals with curves, so it makes any room soft, calming and inviting.** Both natural materials maintain their integrity and longevity, and age beautifully. The natural neutral tones also age gracefully. The textures add warmth and personality. With the DINA chair, it's possible to soften and balance bold furnishings and even exhibit a zen quality.

The inspiration of this dining chair is the oldest vineyard in the world - the Douro Valley in Portugal. The wood frame is inspired by the outlines of the vineyards. The distinctive feature is the cork seat which is warm and very comfortable. And do you know that cork brings unique advantages in terms of thermal insulation, antifungal protection, fire retardancy and indoor air quality?

## DINA chair

---

**Description:** DINA honors the hard work of those who have tamed the land of the oldest wine region in the world - the Douro Valley. The structure of the chair is inspired by the delicate outlines of the slopes and the seat refers to the grapes and soil. DINA is an elegant and plain chair for having moments of sharing, tasting and contemplation. It is suitable for formal and exquisite surroundings, as

well as informal environments.

**Materials:** Solid ash, oak or walnut (structure) and composite light or dark cork (seat).

**Finishings:** Colourless matt varnish (structure) and colourless aqueous coating (seat).

**Dimensions:** W54xD52xH77 cm.

**Designed by:** Hugo Silva and Joana Santos
