A world of colour - 2nd Part

From the “fond orange” to the “sleepy green”, from the restaurant to the bedroom. Let’s decorate with colours.

It is already known that colours work in our brain and have the power to make us feel and act in a specific way. This means that the colors we choose for the spaces will influence people’s moods on a daily basis and this is why they should be well thought out.

For example, “fond orange” increases energy and enthusiasm. It remembers the summer, warmth, fun, freedom. The “scared blue” radiates peace

and serenity. It is a refreshing and engaging color. The “sleepy green” promotes the love of nature and transmits vitality. No colour acts alone within a space and our reactions to colour vary according to our emotional state and our experience and culture. That’s why at DAM we explore different colors so that the products say something about the personality of each one.

Let’s promote a positive mood in the spaces. Let’s combine colours and transform the spaces more comfortable and warm places to be in.

PIPO stool

fond orange

Description: PIPO stool refers to the traditional wood barrel used for the transport and storage of wine. The mobility of the product is associated to the commercial expansion of the wine. This piece is produced in dark cork, referring to the tone of aged casks. This material makes the piece lightweight and slip resistant too.

Materials: Natural hemp rope or coloured cotton rope and 100% natural agglomerated dark cork finished with colourless aqueous coating.

Sizes: Ø39 x H45 cm / Ø15.4 x H17.7 in (big size); Ø32 x H38 cm / Ø12.6 x H15 in (small size).

Designed by: Hugo Silva and Joana Santos.

FLORA tables

scared blue

Description: FLORA is a set of coffee tables that refers to the plants we offer to the ones we love, so there is a similarity between taking care of the plants and taking care of the objects. These versatile tables combine natural materials, with four sizes and eight different coloured frame finishes and work separately or together.

Designed by: Hugo Silva and Joana Santos.

Materials: Top in oak or walnut veneer finished with matt varnish and base in 100% natural agglomerated dark cork finished with colourless aqueous coating.

GAGO chair

sleepy green

Description: The GAGO rocking chair honours the first aerial crossing of the South Atlantic realized in 1922 by Sacadura Cabral and Gago Coutinho. Inspired by the aviator's helmet, the upholstery rests on a platform of wood. The base of the chair resembles the floats of a floatplane, reinforcing the impression to users to take off in an adventure.

On its back is the inscription "1922, 8383 km", recording this milestone of the aeronautics.

Materials: Solid ash, oak or walnut and fabric by Gabriel.dk ('Step' or 'Luna 2' and 'Obika Leather +').

Size: W60 x D70 x H71 cm / W23.6 x D27.64 x H28 in.

Designed by: Hugo Silva and Joana Santos.
