Finishings

Colourless matt varnish (wood structure) and colourless aqueous coating (seat).

Custom

Arranged with the client.

Description

Without fear of the passage of time, Alice is an iconic chair, light and elegant. With architectural inspiration, it is oriented very vertically. The two hind legs are gossips, they are turned on themselves so that they can talk. From this dialogue comes the twisting of the backrest that ensures comfort - their stories. The Alice chair comes in two different versions: in light cork plywood and dark cork plywood. Even simple and light, Alice knows how to receive with nobility in the fine Portuguese way, being ideal for a wide variety of spaces such as bars, counters or islands, restaurants, hotels, dining rooms, waiting rooms, kitchens, schools and offices. In each place, each Alice will have a story to gossip.

measures available

MATERIALS

COMPOSITE CORK

High performance in thermal and acoustic insulation. Fire retardant. It is finished with colourless aqueous coating with properties of water repellency, stains and high resistance to UV.

Dark Cork
Colourless

Light Cork
Colourless

SOLID ASH

European solid ash, that comes from forests controlled through a process covered by the FSC Certification. This wood can last a lifetime but it needs maintenance and care. It is finished with colourless matt varnish that has a special uv protection that prevents discoloration, and also forms a water repellent layer.

SH
Colourless

SOLID OAK

American solid oak, that comes from forests controlled through a process covered by the FSC Certification. This wood can last a lifetime but it needs maintenance and care. It is finished with colourless matt varnish.

BOA
Colourless
