Colourless matt varnish (wood structure). Colourless aqueous coating (seat).

Custom

Arranged with the client.

Description

Without fear of the passage of time, Alice is an iconic chair, light and elegant. With architectural inspiration, it is oriented very vertically. The two hind legs are gossips, they are turned on themselves so that they can talk. From this dialogue comes the twisting of the backrest that ensures comfort - their stories. The Alice chair is stackable and comes in two different versions. Even simple and light, Alice knows how to receive with nobility in the fine Portuguese way, being ideal for a wide variety of spaces such as the restaurant, the office, the hotel room, the school, the dining room, the waiting room. In each place, each Alice will have a story to gossip.
