MATERIALS

OAK VENEER

High quality oak veneer faced with MDF and finished with colourless matt varnish that protects the natural beauty of the wood. The varnish has a special uv protection that prevents discoloration, and also forms a water repellent layer. MDF is stronger and more stable than solid wood, so the chances of splitting or cracking are reduced.

Colourless

RICE STRAW

100% rice straw, made with natural braided fiber. Hand-sewn straw braid. Lightness and resistance are its characteristics.

Natural

CORK FABRIC

Resistant to abrasion, scratches, stains and dirt. With mechanical resistance. Waterproof, anti-bacterial and hygienic. Durable finishing. Softness to touch. No heavy metals or their compounds, organic solvents, mineral fibres or formaldehyde are used.
